Wildlife theme Holiday Apartment

 **Wilderness Adventures Sweden** offers holidays with adventurous outdoor activities with or without your own private guide and cozy accommodations. Our concept is so called "micro tourism", which means, personal contact and is suitable for couples, friends, families and small groups.

But also for those who are seeking peace and quietness, this is the right place to be. Our beautiful and rugged nature brings silence to your mind and relaxation to your body. Here you can unwind and recharge your battery! The accommodations are diverse and tastefully decorated. The whole property of Wilderness Adventures Sweden is with a touch of the American Wild West. But there's also a fantastic ZEN sauna & relax. We are animal lovers and there's the always happy Aussie Jack who joins in with some of the activities and the friendly Quarter Horses Cody & Mr. Utah who gladly take you for a trail ride.

Wilderness Adventures Sweden is situated on the south side of the beautiful river Indalsälven and located on a hill with nice views and green valleys. Surrounded by rugged low mountains ranges, covered with pine forests in an area with interesting rock formations. Away from traffic, with 100% pure fresh air and you drink and shower from our own spring water.

We can recommend you to book a few activities guided by the owner Monique Vermeer to discover the area on its best.
